5] DETAILED DESCRIPTION

1. Surface treatment & Sense of touch

Satin

Completely matte finish. Highly resistant and ideal for commercial applications.

Silk

Matte finish with a thin layer of glaze that provides a subtle shine and a nice soft touch. Surface finish that results extremely easy to clean.

Riverwashed

Finish with a rough texture and relief that evokes sensations to the touch.

Natural Honed

Honed texture typical of natural stones: flat, soft, without any glassiness and completely matte.

2. Our glass comes as thin as 5,6,8,10,12mm which is ideal for the furniture industry given its light weight, its durable and design possibilities.

3. Stylish warmth.

Our enamelled glass faithfully interprets the wood, enhancing its own characteristics to create cozy and serene spaces. In combination with the innate durability properties of our enamelled glass, this

provides an innovative aesthetic and technical response.

6] FINISHES

Our enamelled glass is available in different finishes that give richness and value to the designs created with those surfaces: from rough textures with relief to shiny polished with linear reflections. A complete repertoire to stimulate the sight and touch.
